Our school

Established as a language school in 1991, InTC has a great location in the centre of Yaroslavl. Students love learning in such an historic area that also has all restaurants, shops and entertainment you would want from a modern city. The school is close to public transport, which makes travelling to accommodation easy. The charming architecture of this part of the city is the ideal location for students to study in a relaxed, friendly and informal atmosphere.

Mission

Our mission is to foster the learning of the Russian language and culture through our programs.

We believe the best way to learn Russian is to fully immerse in the language and culture of Russia. We aim to provide a 'home away from home' for our students, by assisting them with airport transfers, accommodation and continuous support during their stay. We believe that better cultural understanding brings people together and benefits all. When our students leave us, we want them to take with them an improved level of Russian, a better understanding of the world, improved opportunities and memories and experiences they will never forget.

High-Quality Teaching

The teaching staff at InTC are qualified professionals in teaching Russian as a foreign language with lots of experience and enthusiasm. There is a continuous program of staff development and training to make sure that InTC uses up-to-date teaching methods and materials.

The Russian language courses we offer are student-centred, varied, stimulating and of the highest possible standards. This is reflected in our long and successful history in teaching to both groups and individuals. Our teachers discuss your Russian language needs with you to

Whether you are a Beginner or Advanced, or any level in between, one-to-one lessons are the very best way to ensure that you make efficient and speedy progress.

Why choose one-to-one lessons?

- Individual attention with just one teacher and one student
- Targeted, fast progress with personal learning plans
- Improve weaker areas
- Improve specific areas of the Russian language for work or further study

Why not book one-to-one lessons when you book your main course?

FAQs

How can I book one-to-one lessons?

*When you complete our booking form, simply add one-to-one lessons as an **Optional extra** to your form.*

When will I have a one-to-one lesson?

It will be timetabled at the end of your main lessons, adding a further 45-90 minutes to your school day. You will be informed of your exact schedule soon after your arrival.

Can I just book one-to-one lessons, without booking a group course?

Yes, you can book only one-to-one lessons without group classes if you book 15 private lessons per week or more.

Can I just book more than 10 one-to-one lessons per week in addition to the group course?

We don't recommend it. One-to-one lessons can be quite tiring and we think an additional 10 lessons per week is about the maximum that can be managed on top of a group course.
